### DEATH BUT HALTS AT BALL ROOM BOOR

#### PLOT TO DYNAMITE BALLROOM WHERE MADERO DANCED EXPOSED.

Lives of Five Hundred Persons Endangered by Conspiracy.

El Paso, Tex., June 2.—Soon after the departure of Francisco I. Madero for Mexico City Friday details were made known of an alleged attempt to dynamite him.

The plot, according to the insurgent police, was to have been carried out during the ball which Senor Madero attended in Juarez Thursday night.

Cruzrey, former jefe politico of the town of Guadalupe, opposite Fabens, Texas, whom Madero deposed, has been locked up in Juarez and placed incommunicado and insurgent secret service men have been detailed to make other arrests.

When the plot was discovered, enough dynamite was being carried into the ball room to blow up the entire building.

#### Caught With Bomb.

About 500 people, including Senor Madero and his wife, were the principals and spectators of a grand march, when, about 11 o'clock, a man was stopped at the entrance. Out of the man's pockets was pulled a large tin can, which was filled with dynamite and provided with a time fuse. The insurgent police assert that had the dynamite exploded in the ball room, no one would have escaped injury. The opinion is expressed by the Juarez authorities that the presence of the dynamite at the ball is only part of an elaborate conspiracy formed in Mexico City and other places by a political party opposed to Madero, and further developments are expected. The departure of Senor Madero left Juarez in charge of General Jose De La Luz Blanco and 1,500 insurgents.

Abram Gonzales, provisional governor of Chihuahua, will soon leave for the capital of the state where 5,000 insurgents under General Orozco are confronted by an almost equal number of federal troops. Although the situation in Chihuahua City is still reported peaceful, it is believed the federal troops will evacuate without any confusion resulting from a forced invasion by insurgents.

President De La Barra telegraphed Friday that permission had been

obtained from the United States to allow General Villjoen with 600 picked men and field artillery to travel through this country to Lower California. Villjoen will attempt to suppress the uprisings in Lower California, where the insurgents refuse to abide by the peace agreement made by Madero.

Three Americans were killed at Santa Rosalie, south of Chihuahua according to refugees who arrived Friday. They report that in a battle of May 14, Albert Phillips of Los Angeles, Cal., Captain Bulger and another American were killed. Twenty federals and insurgents also were killed.

The body of the man known as Oscar G. Creighton, who was killed at the battle of Baucha, when Madero was advancing on Juarez, today was shipped to Danvers, Mass.

### WOODMEN UNVEILING AT CEMETERY TOMORROW

There will occur a Woodmen unveiling at Rosedale tomorrow (Sunday) at 3 p. m. In addition to the unveiling ceremonies, there will be decoration services by the Woodmen. All Woodmen are urged to attend and all friends are cordially invited.

#### MAN TEMPORARILY CRAZED ON ACCOUNT EXCESSIVE HEAT

Late Friday afternoon a man was noticed at the Frisco depot in a demented condition and appeared to be suffering greatly with his head. He was taken in charge but could give no account of himself. After receiving treatment by physicians and carefully questioned, he stated he had a friend, who was a barber at Dorsey's barber shop. It developed that his name was Bob Bragg and that he had relatives at Mill Creek. He had some money on his person. This morning he had recovered enough to take care of himself. His last work was on the Ada Frisco section. It is said sunstroke was the cause of his aberration.

### STEEL TRUST SAVES NATION FROM PANIC

#### DECLARES PRESIDENT GARY BEFORE CONGRESSIONAL PROBE COMMITTEE—MORGAN ASSISTED TO AVERT PANIC.

#### PRESENT STEEL CORPORATION FAVORS GOVERNMENT CONTROLL

Many Surprising Statements—Tells of Conference With President Roosevelt and Secretary Root.

Washington, June 3.—Elbert H. Gary, chairman of the United States Steel corporation directorate, told the Stanley steel trust investigating committee today that his corporation stood behind J. Pierpont Morgan in averting a disastrous financial upheaval in 1907.

He insisted, challenging the statements of John W. Gates before the committee, that the purchase by the steel corporation of the Tennessee Coal and Iron company at that time was made at the price, more than it was worth, for the express purpose of preventing the crash of the New York banking firm of Moore & Schley.

A Dramatic Story.  
Mr. Gary related a dramatic story of the momentous events which preceded the absorption of the Tennessee concern. He described in detail how he and Henry C. Frick, at the in-

stance of Mr. Morgan, had revealed the plan of buying the company at a price greater than its value, to President Roosevelt and Mr. Root then secretary of state. He told how he had concluded after their interview with Mr. Roosevelt that any government prosecution of their act would have been an outrage.

Mr. Gary made many surprising statements during his eight hours examination, but none more startling than his declaration that government control and publicity of corporations in this country must come. He said that through the American Iron and Steel institute, the heads of the steel industry were trying to steer a course between the Sherman anti-trust law, which he characterized as "archaic" on the one hand and the old time methods of destructive competition on the other, in order to operate for the public welfare.

Mr. Gary announced to the committee that he wanted everything known concerning the steel corporation and more than all he pleaded for some responsible government source to which such a necessary great corporation could appeal for guidance in the conduct of its business. He agreed to furnish the committee so much it wished to know that he will be recalled when it meets again next Wednesday.

### DEMOCRATS REJOICE AT CAUCUS RESULTS

#### HOUSE WILL PASS WOOL BILL WITH PROBABLE INSURGENT SUPPORT—SENATE DEMOCRATS SATISFIED.

Makes Public Text of Resolution—Effect on Party as a Whole Considered Beneficial.

Washington, June 2.—General good feeling prevails among democrats in congress today over the unexpectedly harmonious outcome of yesterday's caucus on the bill revising the wool schedule, and many predictions were heard that the entire party throughout the country would benefit as a result of the common sense way in which the controversy between the advocates of free wool and their opponents had been settled. The former feel that the adoption by the caucus of the Kitchen resolution constituted a substantial recognition of the principle or doctrine for which they contended and justifies them in giving their hearty support to the Ways and Means committee wool bill as the best that could be obtained in view of the necessity of guarding the treasury against a shortage in revenue as a result of the democratic attempt to revise the tariff downward. Democratic senators were as outspoken in their expressions of approval of the action of the caucus and of the wool bill as members of the house. All seemed to feel that taking it all around, the bill is one that reflects credit on the committee that framed it and will meet the approbation of democratic tariff reformers everywhere.

#### Has Chance in Senate.

Senator Bailey is quoted as endorsing the bill as put forth by the democratic caucus and there is an impression that the senate insurgents can not consistently oppose the measure. This bill, however, will run the same danger that the free list bill faces, that of being smothered in the senate finance committee, unless there is enough fight in its supporters to overturn sacred senatorial custom which frowns down on any suggestion of discharging a senate committee from the consideration of a measure which such a committee wants to chloroform.

There was an echo of the action of the caucus in the house today when Representative Burleson, chairman of the caucus, obtained unanimous consent to make a statement. He called attention to the fact that newspapers of this section did not print the resolution adopted by the caucus last night, and in order to make it clear just what attitude the caucus took on the subject of free wool, he inserted the resolution in the congressional Record. The text of the caucus resolution in full is as follows:

"Resolved, That the bill revising schedule K as presented to this caucus by the majority members of the Ways and Means committee is not to be construed as an abandonment of any democratic policy, but in view of the democratic platform demand for a gradual reduction of the tariff and of the depleted and depleting condition of the public treasury as a result of republican extravagance, the tariff of 20 per cent ad valorem on raw wool is now proposed as a revenue necessity."

Tomorrow the republican members of the Ways and Means Committee will be asked to meet with their democratic colleagues and consider the bill. On Tuesday the bill will be formally reported to the house and the debate on it will begin without delay. The discussion will be allowed to run until all members who desire to talk on it have had their say.

#### Will Accept No Amendments.

As with the previous bills brought in by the democratic majority at this session, no limit will be placed on the debate. Neither will there be restriction on the right of offering amendments. Any one who wants to propose changes in the measure will be granted that privilege. But it is the present understanding that as a result of the final unanimity of last night's caucus in approving the bill as reported from the Ways and Means committee, no amendments will come from the democratic side. The republicans will be allowed to offer the amendments. But none of them will be adopted. The democrats will unite with practical solidarity in voting them down. It is expected the general debate will run for ten days.

### 'RED' LOPEZ SHOT EN ROUTE TO PRISON

#### Condemned Rebel Leader Meets Death Guards Say He Attempted Escape.

Cananea, Mexico, June 2.—"Red" Lopez, ordered imprisoned by Francisco I. Madero Jr., on the charge that he had "sold out" to American interests while in command of a section of the insurgent garrison at Agua Prieta, has been put to death. Lopez was being conveyed here to serve an eight year sentence imposed by a court martial.

Conflicting stories are told by the guard which was accompanying Lopez. One is that the former insurgent leader had been shot while attempting to escape; another that he pleaded to be executed rather than taken to prison.

It is alleged also that Lopez had confessed to having received \$4,000 for the surrender of Agua Prieta to the federals.

#### Mother Asks About Son.

Bisbee, Ariz., June 2.—When the guards of Arturo (Red) Lopez arrived at Cananea they delivered his zerape and sombrero to Gen. Lomeli. "He tried to escape," reported the guards who were taking him to prison.

Lopez's mother visited Gen. Lomeli yesterday and asked: "Where is my son?"

"Here is your son," the general is said to have replied, as he handed the zerape and sombrero to the aged woman.

Senora Lopez arrived at Naco today, conveying the news of her son's execution to Juan Castillo, a friend of the family. He came to Bisbee and gave out the information.

### YOUNG RAY SLOAN REGARDED GOOD BOY

#### FATHER OF DEAD YOUNG MAN, W. J. SLOAN, ONE OF BEST CITIZENS IN COUNTY.

Oakman, Okla., May 28.—While attempting to board a north bound bound freight, last Sunday morning, Roy Sloan was thrown on end of ties hurting him internally. The boy not thinking of being hurt went home and pulled off his torn clothes and laid down on the bed. Some time in the evening he began to grow worse. His father, W. J. Sloan, was visiting relatives in Arkansas and his mother was unable to get a message to him. Upon arrival of the Hustler Tuesday morning found his boy dead.

Roy is a boy that is well thought of by every one that knew him, and is the son of one of the best citizens in this country. We are sorry indeed to hear of this serious accident, but can not be helped, and the people of this country extend our entire sympathy to the bereaved family.

## NORMAL CLOSES

SECOND YEAR

COMMENCEMENT EXERCISES TO  
BE HELD NEXT WEEK.

The East Central State Normal  
closes its second year with the com-  
mencement exercises of next week.  
The enrollment for the year has ap-  
proximated 300 pupils with an addi-  
tional 150 enrolled for the spring re-  
view term which has just closed. The  
school has had to contend with all of  
those obstacles which are encountered  
in the building up of a new institu-  
tion and has been able to overcome  
all of them in one way and another.  
Sometimes it has meant self-sac-  
rifice and President Briles and his  
faculty with the pupils and citizens  
of Ada have willingly made such  
sacrifices when they were necessary.  
During the year the school has been  
put on a definite basis and its con-  
tinued success is assured. The pros-  
pects for the summer are very flat-  
tering and no less than 400 teachers  
will be enrolled for the six weeks  
of the summer term.

#### Pa Has Some Church Record.

Last Saturday we met H. H. Weaver as he was on his way to the regular business meeting of the Baptist church. He told us it was the 43rd anniversary of his taking membership with this church in Mt. Vernon and during all this time he had missed only three monthly meetings. During the past 18 years he has missed about a dozen prayer meetings on account of being absent at confederate reunions, and during 28 years he has missed about three Sunday schools, these being on account of his work as an undertaker. We doubt if any man in Texas can beat this record.—Mt. Vernon (Tex.) Optic-Herald.

#### Request Lynching Probe.

Oklahoma City, Ok., June 1.—Gov. Cruce is asked to probe the recent lynching of Laura Nelson and L. D. Nelson, negroes, at Okemah in a letter written him by Blakeney & Maxey, a law firm of Shawnee. They inclose a transcript of the evidence at the preliminary hearing and state that the evidence did not make a prima facie case against the negroes.

#### Beard Bible Class Picnic.

On May 30th, at 8 A. M., a crowd of 50 young people, including 11 chaperones, gathered on the lawn of the Methodist church with a full intention of decorating the camp grounds with their presence at Byrds Mill for a days outing.

Some in buggies, but the most of them went in a couple of large drays with plank seats on each side, every heart full of fun and all feeling good.

After singing and laughing for several miles, they reached a little store and tried to drink all the soda pop and eat all the candy the store keeper had in stock.

Then again the fun was changed when a gentle rain began to fall and all got pretty damp.

On reaching Jack Fork the girls called to the boys who had gotten out of the wagon to come see the fish, and when they came running up the girls hallooed, rubber, and for revenge the boys took the girls out of the wagon and made them wade the creek, the girls were all good natured and enjoyed the fun, even if they did have to dry in the sun.

The crowd reached the Mill at 10:30 and was awful hungry after their long ride, and pretty soon dinner was spread when it was discovered that Mr. George was not too hungry to first take a picture of the crowd, and then eat.

Kodaking, swinging and wading was the merry making for the day, and at 5 p. m., supper was spread and all ate again as though they had failed to get dinner, and near 6 p. m., all were ready to begin their journey home.

One team had a little too much load and part of the noisy youngsters was forced to return part of the way home on foot. At 12:05, Mr. Bullard unloaded on Main street, and the policeman on night duty walled his eyes around at us, but did not have the nerve to say: "Come with me."

#### SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

#### PHILIX LATTA TELLS ABOUT DAVIS AND STAR GANG

Felix Latta, Cherokee Indian, who is proprietor of the Peay hotel is well acquainted with the now notorious Davis boys and Pony Starr and his wife at Porum, whom a mob tried to lynch the other day. Latta's farm is only two miles from Porum and for many years he has been in close touch with the affairs of the Porum community.  
Latta says that the Davis boys and Starr are thieving citizens and deserve the worst that could be given them. That they were all pretty smart Cherokees and wealthy, but it was notorious that they were cattle thieves of the boldest type.

#### Left Oklahoma Because of Blind Tigers.

To the Post:  
I see a controversy between Mr. Stevens and Mr. Carroll. I see that they are about to go to Oklahoma to prove that they sell liquor openly. I can testify to the fact that I have just come from there, and while I was there I have had men to come to me in the field with a grip and try to sell me whiskey. Around Stonewall and Ada I have seen men shot and cut up until the blood would run on the streets; that is why I left there. It is no fit place to raise a family. I am a God-fearing man and a church member and trying to do what is right. I left there about four months ago and know this to be the fact. A. C. CLARK,

About \$500 was raised at the night session to pay the salary of the evangelist who will be placed in the field in accordance with the report of further work committee adopted at the day meeting.

### HANDICAPPED

This is the Case With Many Ada People.

Too many Ada citizens are handicapped with a bad back. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief but cannot reach the cause. To eliminate the pains and aches you must cure the kidneys.

Doan's Kidney Pills help sick kidneys. Can you doubt Ada evidence?

E. L. Canterbury, Sixteenth St., Ada, Okla., says: "I can recommend Doan's Kidney Pills highly, as they cured me of a distressing case of kidney complaint. My back was so weak at times that I was unable to work. In fact, found it difficult to walk. Du!l, nagging pains through my loins also caused me great misery, and I had sharp twinges when I attempted to stoop or lift. The kidney secretions were too frequent in passage and caused me additional annoyance. Doan's Kidney Pills, procured at G. M. Ramsey's Drug Store, rid me of kidney trouble and I have had no return attacks."

William Tolson, Oklahoma Ave., and E. First St., Sulphur, Okla., says: "About two years ago my kidneys became badly disordered. ## S.S.S. A REAL CURE FOR RHEUMATISM

So simple a thing as cloths dipped in hot water and applied to an aching joint, will often temporarily relieve the acute pains of Rheumatism. But everyone knows that such treatment would never permanently cure the trouble.

The usual cause of Rheumatism comes from weak kidneys, constipation, indigestion, etc., forming impure accumulations in the system. These sour and ferment, causing uric acid, which is absorbed from the stomach and intestines into the blood. This causes a partial fermentation of the circulation, which changes it from a thick, rich fluid to a thin, acid stream, depositing inflammatory matter into the muscles, nerves, and joints. The longer the blood is allowed to remain in this impure condition the more severe will Rheumatism become. Gradually the muscles harden and lose their elasticity, the joints begin to stiffen, and frequently calculus deposits form knots at the finger joints.

I had Rheumatism for twenty years, sometimes being entirely laid up by it. It grew worse until my right knee was nearly twice its natural size, and was drawn up considerably shorter than the other one. A friend advised me to take S. S. S., which I commenced. Before I had been using it long I was greatly relieved, and continuing the medicine I soon found that I was entirely cured. MRS. IDA M. PALMER, 196 Fulton St., Brooklyn, N. Y.

While at work in the swampy regions of Southeast Georgia, I contracted Rheumatism, and was completely helpless for about 4 months, and spent over \$150.00 with doctors, but got worse every day, and finally quit them and began S. S. S. I took several bottles, and was cured sound and well. My health is now splendid, and I weigh 175 pounds. I can recommend S. S. S. to all suffering from Rheumatism. S. C. LASSITER, Thomasville, N. C.
